

## JetNet 3008

### Industrial 8-port Unmanaged Fast Ethernet Switch

- 8 10/100Base TX Ports with MDI/MDI-X
- Compact size with full power redundancy
- 1600 Mbps backplane bandwidth with excellent data exchange performance
- QoS for packet forwarding precedence
- Broadcast storm packet filtering
- Port and power event alarm
- Dual DC10~60V power inputs

## Facts

### General description

Part number	F00N3008000006
Warranty	Up to 5 years

### SW/Protocol

Traffic priority (QoS)	2 packet forwarding Queues: High Queue (4~7) Low Queue (0~3)
------------------------	--
